Fire, Water and Mold Restoration Tech

RGC – Highland Park, IL

Must have experience in water damage mitigation, mold remediation, and applied structure drying. Must be able to assess, loss damage and mitigation needs, extract water from property, set up drying equipment, and monitor loss drying process. Experience with mold contamination and remediation is required. Experience must include setting up mold contamination containment, setting up remediation equipment, and removing contamination per protocols. Must be willing to respond 24/7 to calls, to perform emergency services. CERTIFICATION as water tech and/or mold tech preferred.

Skills/ Requirements

MUST HAVE:

Mold remediation experience

Experience using water extraction and dehumidification equipment

Experience in setting up drying equipment

Part-time to Full-time, flexible to work overtime when required

Vary between 7 a.m. and 7 p.m.

Must be willing to be part of an after-hours on call schedule.

MUST have prior experience in the water & fire restoration business.

Must have a professional appearance and great attitude.

A valid driver license with a clean driving record.

Ability to pass a criminal background check with no felony convictions or misdemeanors involving violence or theft.

Because we provide 24-hour emergency service, must be willing to be on call when needed.

Some night and weekend work is required.

Must be able to lift a minimum of 50 pounds.

Some of the Responsibilities

Provide excellent customer service

Coordinate requirements for jobs

Perform on-site production services, including water extraction, fire cleanup, and mold
